1400 – 1500hrs

Panel Discussion: Role of the Broker

- Brokers – forecasters or fixers?
- Is the role of the broker evolving in step with the changing face of the chartering and s&p sector and the changing roles of the individual players?
- Impact of technology on the interaction between industry participants
- Broker projects desks add strategic evaluation of s&p projects to broking services, with increased involvement and responsibility, advising on financing, employment options and optimizing project returns. How are broking houses handling this?

Moderator

Harry Theochari, Global Head of Transport, Norton Rose Fulbright
